

JENZ PATRICK D. REGUYAL

Frontend Developer | UI/UX Designer

Biñan City, Laguna, Philippines | +63 964 736 8686 | reguyaljenzdelosreyes@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented aspiring Frontend Developer and UI/UX designer with experience in creating wireframes, user flows, and prototypes for web and mobile applications. Skilled in designing user-friendly interfaces, solving problems, and creating engaging digital experiences. With strong analytical, problem-solving, and teamwork skills. Eager to apply technical knowledge and gain hands-on industry experience through an internship opportunity.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript, React, TypeScript, Tailwind CSS, Responsive Web Design

UI/UX Design: Figma, Wireframing, Prototyping, User Flows, Usability Principles, Visual & Accessibility Design, Web Design

Backend & Integration: API Integration, Google Cloud, Payment Gateway Integration (Xendit), Git-based

Productivity & Collaboration: Google Workspace (Docs, Sheets), Canva, Time Management, Cross-functional Design Reviews

PROFESSIONAL EXPERIENCE

Frontend Developer & UI/UX Designer – *Unihealth-Southwoods Hospital and Medical Center (Contract)* Jan – Jun 2026

- **Designed wireframes, UI concepts, and responsive website interfaces**, transforming project requirements into intuitive user experiences and visually polished designs.
- **Built modern frontend applications** using JavaScript, HTML, and CSS, with a focus on usability and intuitive UI/UX design.
- **Developed reusable and scalable frontend components** to support consistent design patterns across the application.
- **Collaborated with a small cross-functional team** spanning frontend, backend, UI/UX, testing, and deployment.
- **Optimized applications for performance and cross-device compatibility**, and communicated directly with clients to translate requirements into functional digital products.

Freelance Web Developer – *Magnify Vision Media (Contract)*

- **Designed wireframes and UI prototypes** to plan website structure, layout, and user experience prior to development, aligning stakeholders on scope early.
- **Owned end-to-end delivery** of the website from concept to deployment using HTML, CSS, and JavaScript, ensuring a responsive and visually polished result.
- **Applied UI/UX design principles** to improve usability and accessibility, iterating on layout and interaction design based on feedback.
- **Assisted in building and implementing frontend features**, collaborating with the development team to translate approved UI/UX designs into responsive, functional, and user-friendly website interfaces.
- **Collaborated in project planning and design reviews**, contributing to continuous improvement of site functionality and appearance throughout the engagement.
