

CHRISJOHN BALLESTEROS PACAY

17 Purok 1, Brgy. Timbao, Biñan City, Laguna | +63 994-109-5483 | chrisjohnpacay1@gmail.com

PROFESSIONAL SUMMARY

Aspiring Backend Developer with hands-on experience developing backend functionality, APIs, and database-driven applications. Proficient in Java, Python, C++, and MySQL, with a strong foundation in server-side development, REST API integration, database management, and application logic. Experienced collaborating with development teams to build, test, optimize, and deploy reliable software solutions.

TECHNICAL SKILLS

Programming Languages: Java, Python, C++, SQL

Backend Development: REST APIs, Server-Side Development, API Integration, Application Logic

Databases: MySQL, Database Design, CRUD Operations, Data Management

Soft Skills: Teamwork & Collaboration, Adaptive Learning, Analytical Problem-Solving

PROFESSIONAL EXPERIENCE

Backend Developer – Unihealth-Southwoods Hospital and Medical Center (Contract) | Jan – Jun 2026

- Developed and maintained backend systems and REST APIs, building reliable server-side functionality to support web applications and enable seamless communication between frontend interfaces and backend services.
- Designed and managed database operations and backend services, implementing efficient data handling and application logic to support reliable and scalable system functionality.
- Collaborated with a cross-functional development team throughout development, testing, optimization, and deployment, translating project requirements into functional and maintainable technical solutions.

Inventory Management System Developer – Academic Project | 2025

- Developed an Inventory Management System from concept to implementation, building application functionality to manage products, inventory records, and transactions.
- Designed and managed a MySQL database, organizing product, inventory, and transaction data to support efficient data storage and retrieval.
- Implemented system functionality and application logic to support core inventory operations and ensure accurate management of records.

EDUCATION

Bachelor of Science in Computer Engineering Technology
Polytechnic University of the Philippines – Biñan Campus

2024 – 2026
